REISSUE DECLARATION UNDER 37 C.F.R. § 1.175

Dear Sir:

I hereby declare the following:

1. I am the original and sole inventor of the subject matter which is described and claimed in U.S. Patent 6,263,879, a copy of which is attached to this declaration. I have reviewed and understand the contents of this patent, including the claims.
2. I have reviewed and understand the contents of the Preliminary Amendment filed on 24 July 2003, a copy of which is attached to this declaration. I am the original and sole inventor of the subject matter recited in the amended claims presented in the Preliminary Amendment, including new Claims 14 through 23.
3. I acknowledge the duty to disclose information which is material to patentability as defined in 37 C.F.R. § 1.56.

5. All errors which are being corrected in this reissue application arose without any deceptive intention on my part.
6. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful, false statements may jeopardize the validity of the application or any patent issued thereon.

REISSUE DECLARATION UNDER 37 C.F.R. § 1.175

Dear Sir:

I hereby declare the following:

1. I am the original and sole inventor of the subject matter which is described and claimed in U.S. Patent 6,263,879, a copy of which is attached to this declaration. I have reviewed and understand the contents of this patent, including the claims.
2. I have reviewed and understand the contents of the Preliminary Amendment filed on 24 July 2003, a copy of which is attached to this declaration. I am the original and sole inventor of the subject matter recited in the amended claims presented in the Preliminary Amendment, including new Claims 14 through 23.
3. I acknowledge the duty to disclose information which is material to patentability as defined in 37 C.F.R. § 1.56.

5. All errors which are being corrected in this reissue application arose without any deceptive intention on my part.
6. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful, false statements may jeopardize the validity of the application or any patent issued thereon.
